

Building Project

By partnering with Ethiopian Orphan Relief, you can help fund the completion of a new building facility at Children's Heaven in Addis Ababa, which will benefit up to 100 at-risk orphaned teenage

girls each year.

In addition to the initial construction costs of the new building, your contribution will also provide funds for land and ongoing maintenance to the building. The building will include a classroom, dorm facilities, a kitchen and a bathroom.

The children will provide a "matching grant" to your donation by helping with the construction of the building and being responsible for the upkeep and maintenance of the building, at an age-appropriate level.

This building will provide a safe place for orphaned teenaged girls to learn, socialize and grow. Your generosity will provide thousands of children this opportunity over the life of the building.
